

Abstract

In the recent years, more and more Hong Kong investors moved their enterprises to the mainland China. It is quite difficult for a foreign investor to set up and manage a business there. Many managerial problems will be encountered.

Baoding Shunfa Chemical Dyestuff Company Limited is one of the foreign invested factories in China. Same as many other Hong Kong enterprise invested firms, they also face a lot of problems. Uncertainty is one of the most serious problems she faces. Many functions of the company cannot be performed effectively and efficiently. Budgeting becomes a hard job as problem of corruption is serious. Planning cannot be done properly.

In facts, problems will not be solved in a short period, especially for the problem of corruption. No matter how suggestion has been made for the company in order to eliminating her problems, it is expected that most of the problems will be solved in the long-run.
