Operation Guide on Multifunction Printer (MFP)

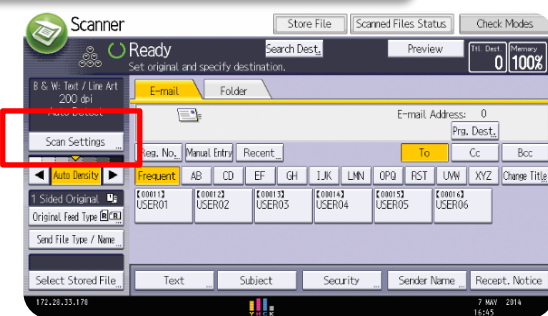

Note:
If the Check Status indicator of the machine is in **RED**, please clear the error or seek assistance from staff.

STEP 1

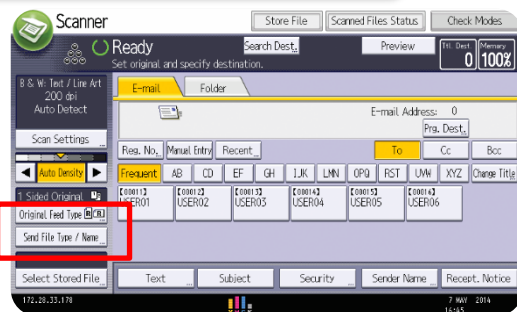

- Put your documents on the top left corner of the Scanner
- Press **[Scan to Email]** on the screen/panel

STEP 2

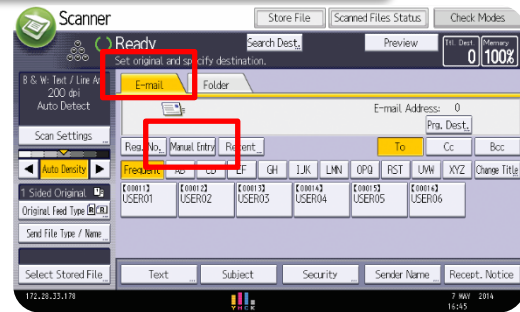

- Select **[Scan Settings]** to set original type, scan size or resolution

STEP 3

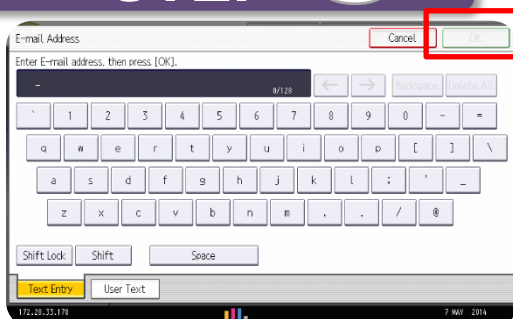

- Select **[Send File Type / Name]** to rename the file and set the file type

STEP 4

- Select **[Email]** and then press **[Manual Entry]** to enter your email address

STEP 5

- Press **[OK]** and **[Start]** to Scan
- Press **[#]** after scanning the last page
